Project Scout Outreach — Oct 2026

Oct 22, 2026 · @Elliott Villacorta

Summary

Of the 51 leads in Project Scout, 20 earn an email: 8 can go out today, 8 need one check first, and 4 are government capability intros. The other 31 are stale (the lease or rack job is already done), not warehouses, at the wrong address, or scraper junk. Each lead was checked against news, broker releases, LADBS permit data, WARN notices and company sites on Oct 22, 2026.

Email status: **Published** = the address appears on a public page (linked). **General** = only a shared inbox such as info@ was found. **None** = no email found; call or use LinkedIn. No address in this doc was guessed. CC Nick Hernandez (sales) on every email; each one introduces him.

#	Lead	Contact	Email	Status	Why now
1	LA Regional Food Bank, 1734 E 41st St, LA	Scott Newton, Sr. Dir. Operations & Logistics	snewton@lafoodbank.org	Published	High-pile storage permit in plan check; smoke vents permitted Mar 2026
2	Anduril, 1100 Valencia Ave, Tustin	Tucker Hughes, Managing Partner, Hughes Marino (tenant broker)	tucker@hughesmarino.com	Published	177,766 SF logistics hub, move-in Oct 2026
3	Undisclosed auto parts distributor, 16380 Euclid Ave Bldg 3, Chino	Gus Andros, EVP, DAUM Commercial	gus.andros@daumcommercial.com	Published (encoded on bio; confirm)	522,267 SF lease signed Jul 2026

#	Lead	Contact	Email	Status	Why now
4	Diamond Gateway (former Phillips 66 refinery), Carson	Heather Crossner, Catellus-Deca	heather.crossner@catellus-deca.com	Published	Refinery demo + 3.91M SF of new industrial filed Apr 2026
5	Lionext, 11650 Burke St, Santa Fe Springs	Lionext team / Ryan Campbell, NAI Capital	info@lionext.com / rcampbell@naicapital.com	General / Published	106,110 SF, 2 miles from the office; leased Apr 2025
6	7765-7775 N Kester Ave, Van Nuys	Ron Kassan, EVP, Spectrum CRE	rkassan@spectrumcre.com	Published	Gutted and split into 2 units; no tenant yet
7	301-445 N Figueroa St, Wilmington	Kindra Brayley, Rexford Industrial	kbrayley@rexfordindustrial.com	Published	Units of 7,730 and 9,780 SF for lease
8	16250 Stagg St, Van Nuys	Emma Miller, Rexford Industrial	emiller@rexfordindustrial.com	Published	Occupied; rack finaled 2025, low priority
9	ViewSonic, Ontario Ranch Bldg 2 + Chino exit	David Kluth, Newmark	none found	None	Jun 2026 lease; new rack plus Chino teardown
10	ALPLA, 4340 N Nellis Blvd, North Las Vegas	Tasos Pourloukakis, Regional MD	none found	None	Bottle plant opens spring 2027 (NV)
11	2520 E Rose Garden Ln, Phoenix	Parker Houston, DAUM Phoenix	none found	None	43,338 SF sold Oct 2026; end user unknown (AZ)
12	5343 W Imperial Hwy #900, LA	Warehouse manager (likely NAX USA)	info@vizionlogistics.com (fallback)	General	$1.46M cold-storage conversion permitted 2026

#	Lead	Contact	Email	Status	Why now
13	Stratus Surfaces, 16161 Raymer St, Van Nuys	LA branch team	Info.LosAngeles@StratusSurfaces.com	General	New 53,865 SF building; rack phase 1 finaled May 2026
14	1833 E 50th St, LA (likely Trio Apparel)	Occupant unconfirmed	none found	None	New 22,000 SF building fitting out
15	Roscoe Moss, 4360 E Worth St, LA	Plant operations	info@roscoemoss.com	General	Speculative; no project found
16	Al Dahra ACX, 920 E PCH, Wilmington	Facilities / maintenance lead	none found	None	2026 roof and mezzanine-stair permits
17	LAPD Evidence Warehouse (planned), El Sereno	Betty Collins, CO, Evidence & Property Mgmt Div.	none found	None	~80,000 SF warehouse in environmental review
18	March ARB contracting (452 MSG/PK)	Joshua Davidson	Joshua.Davidson.16@us.af.mil	Published	Capability intro; no open storage bid
19	OC Public Works, 2301 N Glassell St, Orange	Gene Duenas, Deputy Procurement Agent	gene.duenas@pw.oc.gov	Published	Capability intro; no open storage bid
20	Camp Pendleton Regional Contracting Office	Procurement Chief	none found (760-208-7549)	None	Capability intro; no open storage bid

Send now

These 8 have a confirmed situation and a published or shared-inbox email. Ordered by priority. All emails are written as introductions: lead with their project, offer help as a resource, and keep the ask small.

1. LA Regional Food Bank — 1734 E 41st St

To: Scott Newton, snewton@lafoodbank.org (team page). CC option: Danny Garcia, jdgarcia@lafoodbank.org
Subject: Your high-pile storage project at 41st St

> Scott,
>
> I came across the March permit for new roof smoke vents at 1734 E 41st St, tied to new high-pile storage. Good to see the South LA campus adding capacity.
>
> I'm a project manager at McMurray Stern, a pallet rack design-build-install company in Santa Fe Springs, and high-pile permits through LADBS and LAFD are a big part of what we do. I wanted to introduce myself as a local resource. If questions come up on the layout or the permit while it's in plan check, I'm glad to help, even if it's just a second set of eyes.
>
> I'd also be happy to stop by and see the operation sometime. Either way, I'm glad to be a contact you can call.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Nonprofit, so expect a bid. The HPS permit (26016-20000-00005) is likely still in plan check.

2. Anduril — 1100 Valencia Ave, Tustin

To: Tucker Hughes, tucker@hughesmarino.com (bio). Backup: Dave Desper, dave.desper@cbre.com
Subject: 1100 Valencia: congrats, and a resource for Anduril's move-in

> Tucker,
>
> Congratulations on the 1100 Valencia deal for Anduril. A 177,766 SF logistics hub moving in this month is a big one for Tustin.
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We design, permit and install pallet rack, cantilever, mezzanines and shelving across Orange County. I'm reaching out mainly to introduce myself. Tenant reps we work with like having someone to call when a client hits a storage layout or high-pile permit question, and I'd be glad to be that person for you.
>
> If Anduril's team is still working out storage in the new building, I'm happy to help however is useful, including a no-cost preliminary layout. Otherwise, I'd just like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Move-in is this month, so rack may already be contracted. Send today. COO Matt Grimm is confirmed but has no public email.

3. Auto parts distributor — 16380 Euclid Ave Bldg 3, Chino

To: Gus Andros, gus.andros@daumcommercial.com (bio, address shown encoded; mobile (949) 533-3829)
Subject: 16380 Euclid Bldg 3: congrats on the lease

> Gus,
>
> Congratulations on the 522,267 SF lease at 16380 Euclid in Chino South. That's a big deal to get done this year.
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We do rack layout, high-pile permit packages and installation, and much of our work is in the Inland Empire. I wanted to introduce myself as a resource for you and your clients. When a tenant is sizing up a building or working through racking and permits during move-in, I'm glad to run a no-cost pallet-position count or preliminary layout.
>
> If the Euclid tenant could use that as they set up, I'd be happy to help. Either way, I'd like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Hover his email on the DAUM bio to confirm the spelling. Do not name "Titanium Plus" until the tenant is confirmed.

4. Diamond Gateway (former Phillips 66 refinery) — 1520 E Sepulveda Blvd, Carson

To: Heather Crossner, heather.crossner@catellus-deca.com (CEQA filing)
Subject: Diamond Gateway: introduction from a local rack contractor

> Ms. Crossner,
>
> I read the Diamond Gateway notice for the former Phillips 66 Carson Plant. Turning the refinery site into roughly 3.91 million SF of new industrial space is a major project for the South Bay.
>
> I'm a project manager at McMurray Stern, a pallet rack design-build-install company in Santa Fe Springs. I'm reaching out early just to introduce myself. As the buildings lease up, incoming tenants usually need rack layouts and high-pile storage permits, and we're glad to be a resource for your leasing team and tenants. If any existing racking or shelving on site needs to come out before demolition, we can help there too.
>
> I'd welcome the chance to stay in touch as the project moves forward.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Unknown whether the refinery has racking to buy. The bigger prize is tenants in the 3.91M SF of new buildings once Carson approves.

5. Lionext — 11650 Burke St, Santa Fe Springs

To: info@lionext.com (site). Backup: Ryan Campbell, rcampbell@naicapital.com
Subject: Hello from a neighbor in Santa Fe Springs

> Hello Lionext team,
>
> I'm a project manager at McMurray Stern on Carmenita Rd, a couple of miles from your building on Burke St. I wanted to say hello and introduce us as a local resource.
>
> We design, permit and install pallet rack and storage systems, and since we're close by, we're easy to reach if anything comes up: adding positions, reworking a layout, a damaged-rack question, or a high-pile permit review.
>
> Could you pass this along to whoever runs the warehouse? I'd be glad to stop by and meet them sometime.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Lease is 18 months old, so pitch expansion or a high-pile check. Easy drop-in visit: 2 miles away.

6. 7765-7775 N Kester Ave, Van Nuys (landlord spec)

To: Ron Kassan, rkassan@spectrumcre.com (Spectrum CRE). Backup: Art Minassian, aminassian@spectrumcre.com
Subject: 7765-7775 Kester: a resource for your two new units

> Ron,
>
> I noticed the work at 7765-7775 Kester: the old mezzanines out, the new roof, and the building being split into two units. Nice repositioning.
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We do rack layout, high-pile permits and installation across the Valley and SoCal. I'm reaching out mainly to introduce myself. Brokers we work with sometimes like having a quick pallet-position count or a sample rack layout to show prospects, and I'm glad to put one together for either unit whenever it would help, at no cost.
>
> No need to reply now. I'd just like to be a resource you can call when a tenant starts asking about racking or permits.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Listed 9,090 SF looks wrong; the reroof suggests about 28,000 SF total.

7. 301-445 N Figueroa St, Wilmington (Rexford)

To: Kindra Brayley, kbrayley@rexfordindustrial.com (listing). Backup: Brandon Foster, bfoster@rexfordindustrial.com
Subject: 301-445 N Figueroa: a resource for your Wilmington units

> Kindra,
>
> I noticed units 329 and 439 are available at 301-445 N Figueroa in Wilmington. With 18′ clear, they should suit a lot of port users.
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We do rack layout, high-pile permits and installation around the harbor and across SoCal. I mainly wanted to introduce myself. If it would help your marketing, I'm glad to put together a quick pallet-position count or sample rack layout for either unit at no cost. And when a tenant signs and starts asking about racking or permits, I'm happy to be someone you can point them to.
>
> I'd like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: The address is Wilmington 90744, not downtown LA.

8. 16250 Stagg St, Van Nuys (Rexford)

To: Emma Miller, emiller@rexfordindustrial.com (listing). Backup: Belen Caceres, bcaceres@rexfordindustrial.com
Subject: Introduction: McMurray Stern, for 16250 Stagg and your Valley buildings

> Emma,
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We design, permit and install pallet rack, and 16250 Stagg came up while I was looking at rack permits in the Valley.
>
> I mainly wanted to introduce myself as a resource for Rexford buildings. Tenants often come back to racking when volume grows, and the high-pile permit is usually what slows them down. At turnover, there's often rack to remove and anchor holes to patch. We can help with both, and I'm glad to be a name you can pass along to tenants.
>
> No need to reply now. I'd just like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Low priority: the tenant is unnamed and its rack was finaled in early 2025.

Confirm first

Real opportunities, but each needs one check (an email, the occupant, or the service area) before it goes out.

9. ViewSonic — Ontario Ranch Bldg 2, 4953 E Euclid Ave, Ontario

To: David Kluth, Newmark (no public email; try LinkedIn or the Newmark main line). Alt: Nathan Piehl, Cushman & Wakefield
Subject: ViewSonic at Ontario Ranch: congrats, and an introduction

> David,
>
> Congratulations on ViewSonic's move to the 171,913 SF Building 2 at Ontario Ranch Business Park.
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We do rack layout, high-pile permits and installation, and we also buy back and remove used rack. I wanted to introduce myself as a resource. A relocation like this usually means setting up the new building and clearing the old one for turnover, and we can help on either side.
>
> If it would be useful, I'd be glad to connect with ViewSonic's operations team. Either way, I'd like to stay in touch for future clients.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Find a ViewSonic ops contact or a broker email. Two jobs here: new rack in Ontario and buyout/teardown of the Chino rack.

10. ALPLA — 4340 N Nellis Blvd (Craig Road Logistics Center Bldg A), North Las Vegas

To: Tasos Pourloukakis, Regional MD, ALPLA North America (no public email; use LinkedIn or the alpla.com contact form)
Subject: Welcome to North Las Vegas: introduction from McMurray Stern

> Mr. Pourloukakis,
>
> I read about ALPLA's new 141,540 SF plant at Craig Road Logistics Center, set to start up in spring 2027. Congratulations on the expansion.
>
> I'm a project manager at McMurray Stern, a rack and storage design-build-install firm. I wanted to introduce myself early, before the fit-out gets busy. As your team plans storage for resin, packaging and finished goods, we're glad to help however is useful, including a no-cost preliminary rack layout and position count.
>
> Could you point me to the person leading the fit-out? I'd like to introduce myself to them as well.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Confirm McMurray Stern installs in Nevada.

11. 2520 E Rose Garden Ln, Phoenix

To: Parker Houston, DAUM Phoenix, (602) 957-7300. Also Trevor McKendry, Chris Rogers
Subject: 2520 E Rose Garden Ln: congrats on the sale

> Parker,
>
> Congratulations to you, Trevor and Chris on closing the sale of 2520 E Rose Garden Lane.
>
> I'm a project manager at McMurray Stern, a rack and storage design-build-install firm. I wanted to introduce myself as a resource for your team. When a buyer or tenant is setting up a building, we're glad to provide a no-cost pallet-position count or preliminary layout, and to help with the high-pile storage permit.
>
> If the new owner could use that, I'd appreciate an introduction. Either way, I'd like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Confirm McMurray Stern installs in Arizona. The TSMC link in Project Scout is an inference, so the draft leaves it out.

12. 5343 W Imperial Hwy Unit 900, Los Angeles

To: Warehouse manager. NAX USA: (310) 258-8580 or the naxusa.com contact form. Fallback: info@vizionlogistics.com
Subject: Introduction: McMurray Stern (5343 W Imperial, Unit 900)

> Hello,
>
> I'm a project manager at McMurray Stern, a pallet rack design-build-install company in Santa Fe Springs. I saw the 2026 permits for the cold-storage conversion in Unit 900 at 5343 W Imperial and wanted to introduce myself.
>
> Cooler racking and high-pile storage come with their own permit requirements, and we work through those with LADBS and LAFD regularly. If questions come up as the build-out finishes, I'm glad to help, even if it's just a quick answer by phone.
>
> Could you pass this along to whoever runs warehouse operations? I'd be glad to meet them.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Call to confirm who occupies Unit 900.

13. Stratus Surfaces — 16161 Raymer St, Van Nuys

To: Info.LosAngeles@StratusSurfaces.com (contact)
Subject: Hello from McMurray Stern (16161 Raymer St)

> Hello Stratus team,
>
> I'm a project manager at McMurray Stern, a rack design-build-install company in Santa Fe Springs. I saw that your new 53,865 SF building at 16161 Raymer St opened this year. Congratulations on the move.
>
> I wanted to introduce myself as a resource for your LA location. Slab and stone storage tends to change as inventory grows, and when it does, we're glad to help with slab racks, cantilever or another rack phase, along with any permit questions.
>
> Could you pass this along to whoever runs the warehouse? I'd be glad to stop by sometime.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: The first rack phase is already in; pitch slab/cantilever storage or the next phase.

14. 1833 E 50th St, Los Angeles

To: Occupant (probably Trio Apparel Group, from a business-tax record only). No email found
Subject: Hello from McMurray Stern (1833 E 50th St)

> Hello,
>
> I'm a project manager at McMurray Stern, a rack design-build-install company in Santa Fe Springs. I noticed your new building at 1833 E 50th St and wanted to introduce myself.
>
> As the warehouse floor comes together, we're glad to help with selective rack, carton shelving for garment and finished-goods storage, or high-pile permit questions. That includes a no-cost preliminary layout if it's ever useful.
>
> Could you pass this along to whoever manages the warehouse? I'd be glad to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Confirm the occupant by phone or a drive-by first.

15. Roscoe Moss — 4360 E Worth St, Los Angeles

To: info@roscoemoss.com (site); main (323) 263-4111
Subject: Introduction: McMurray Stern (4360 Worth St)

> Hello,
>
> I'm a project manager at McMurray Stern, a material handling design-build-install company in Santa Fe Springs. Roscoe Moss has been manufacturing on Worth Street for a long time, and I wanted to introduce us as a local resource.
>
> We work with Southern California manufacturers on cantilever rack for pipe and bar stock, mezzanines and work platforms, and the permits that go with them. If storage or space questions ever come up, we're glad to help, including a walk-through and a no-cost layout.
>
> Could you pass this along to whoever handles plant operations or facilities?
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Speculative: no project found. Kevin Moss as president is unconfirmed.

16. Al Dahra ACX — 920 E Pacific Coast Hwy, Wilmington

To: Plant line (310) 241-6229; ask for the facilities or maintenance manager
Subject: Introduction: McMurray Stern (920 E PCH)

> Hello,
>
> I'm a project manager at McMurray Stern, a material handling design-build-install company in Santa Fe Springs. I saw the permits for the roof, skylight and mezzanine-stair work at your Wilmington plant and wanted to introduce myself.
>
> We do work platforms, mezzanines, and parts and maintenance storage for industrial plants around the harbor. If anything along those lines comes up during the refresh or later, we're glad to help.
>
> Could you point me to the right person on the facilities or maintenance side? I'd like to introduce myself to them.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: Weak rack fit (baled hay is floor-stacked); pitch platforms and MRO storage.

Government capability intros

None of these has an open storage solicitation. Treat them as introductions that get McMurray Stern on the buyer's list.

17. LAPD Evidence Warehouse (planned) — Worth St & Marianna Ave, El Sereno

To: Betty Collins, Commanding Officer, Evidence & Property Management Division, (213) 356-3710 (EPMD page). No email found
Subject: New LAPD Evidence Warehouse: introduction from McMurray Stern

> Ms. Collins,
>
> I read about the Bureau of Engineering's environmental review for the new LAPD Evidence Warehouse in El Sereno, roughly 80,000 SF at Worth Street and Marianna Avenue.
>
> I'm a project manager at McMurray Stern, a rack and storage design-build-install contractor in Santa Fe Springs. I'm reaching out early just to introduce myself. Storage layout tends to shape the floor plan, sprinkler design and high-pile permit on a building like this, and we're glad to share what we know as your team plans, at no cost.
>
> I'd welcome the chance to stay in touch as the project moves forward.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: The listed 100 W 1st St is LAPD HQ. Confirm project status with LA Bureau of Engineering before pushing.

18. March ARB — 452 MSG/PK contracting

To: Joshua Davidson, Joshua.Davidson.16@us.af.mil (SAM notice, Sep 2026)
Subject: Introduction: McMurray Stern, rack and storage contractor

> Mr. Davidson,
>
> I'm a project manager at McMurray Stern, a material handling design-build-install contractor in Santa Fe Springs. We do cantilever and pallet rack, shelving and mezzanines, including CAD layouts and installation.
>
> I saw 452 MSG/PK's recent postings and wanted to introduce us for future storage requirements at March ARB. I'd also appreciate knowing how you prefer vendors to engage, whether through SAM.gov, sources-sought responses or GSA. If a unit ever needs help scoping a storage requirement, we're glad to assist.
>
> Thank you, and I'd like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: No open storage bid. Make sure McMurray Stern is registered in SAM.gov.

19. OC Public Works — 2301 N Glassell St, Orange

To: Gene Duenas, Deputy Procurement Agent, gene.duenas@pw.oc.gov (bid record)
Subject: Introduction: McMurray Stern, rack and shelving contractor

> Mr. Duenas,
>
> I'm a project manager at McMurray Stern in Santa Fe Springs. We design, permit and install pallet rack, cantilever, shelving and mezzanines for warehouses and maintenance yards.
>
> I saw OC Public Works' recent industrial hardware bid and wanted to introduce us for future storage needs at the Glassell Campus or other OCPW yards. I'd appreciate knowing the best way to stay on your radar for those bids. If staff are ever scoping storage work, we're glad to help with a layout at no cost.
>
> Thank you, and I look forward to staying in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: No open storage bid. Register on the County OpenGov portal to get OCPW notices.

20. Camp Pendleton Regional Contracting Office

To: Procurement Chief, 760-208-7549 (no names or emails published; RCO page)
Subject: Introduction: McMurray Stern, rack and storage contractor

> Procurement team,
>
> I'm a project manager at McMurray Stern, a material handling design-build-install contractor in Santa Fe Springs. We do rack and shelving layout, high-pile storage permits, and installation of selective, cantilever and shelving systems, as well as mezzanines.
>
> I wanted to introduce us for future storage requirements at Camp Pendleton, and to ask how the RCO prefers vendors to engage: SAM.gov, GSA eBuy or sources-sought responses. If a requiring activity ever needs help scoping a storage requirement, we're glad to assist.
>
> Thank you, and I'd like to stay in touch.
>
> I've copied my colleague Nick Hernandez, who handles sales at McMurray Stern, so you have both of us as contacts.
>
> Elliott Villacorta
> Project Manager | McMurray Stern
> 15511 Carmenita Rd, Santa Fe Springs, CA 90670
> 562.623.3000

Before sending: The Bldg 13107 project is unverified. Reach out by phone or through SAM.gov.

Not worth emailing (28)

No draft for these. Five are worth a watch-list entry: 18455 S Figueroa, Keeco, 7800 Airport Business Park Way, Xebec Bldg B and Hyper Solutions.

Lead	Verdict	What's actually there	Contact if you revisit
18455 S Figueroa St (Faraday Future)	Watch	Faraday left Mar 2026; Dermody building a 180,705 SF spec building due Q2 2027 (not 909k SF)	Bret Quinlan, Colliers, bret.quinlan@colliers.com

Lead	Verdict	What's actually there	Contact if you revisit
Keeco, 1420 N Tamarind Ave, Rialto	Watch	10-year lease from 2015 likely expired mid-2025; occupancy unknown. One call could surface a 677k SF teardown	none found
7700 N Airport Business Park Way, Van Nuys	Stale; watch next door	Rack anchorage finaled May 2025. Neighbor at 7800 has an open high-pile rack permit issued Sep 24, 2026	Identify the 7800 tenant
Xebec Bldg B, 13147 N Telfair Ave, Sylmar	Watch	~164,000 SF spec building, no tenant, due Q2 2027	Xebec office 562.546.0200
Hyper Solutions, 2100 E Howell Ave, Anaheim	Unclear	Company is real but no source ties it to this address	Mitch Zehner, Voit, mzehner@voitco.com
DCW Inc., 3040 E Ana St, Rancho Dominguez	Stale	Lease from Dec 2023	Tyler Rollema, Klabin
Parts Town, Glendale AZ	Stale	Opened Jan 2025 with AutoStore and mezzanine already built	none
WebstaurantStore, Reno NV	Stale	692,720 SF lease from 2022–23, operating	Brian Armon, NAI Alliance, barmon@naialliance.com
Victory Display, 2640 E Del Amo Blvd, Carson	Stale	Lease from 2018, still occupied	displays@victorydisplay.com

Lead	Verdict	What's actually there	Contact if you revisit
Herbalife, 950 W 190th St	Not warehouse	~186k SF office building; no Rexford sale found	none
7033 N Valjean Ave	Unclear	No building of that size found	none
1325 S Los Angeles St	Unclear	Small retail block; 436k SF is wrong	none
Sundance Spas, Chino	Stale	Plant still operating; no closure or WARN notice	none
DLVR, 5750 Mesmer Ave, Culver City	Stale	Amazon DSP closure; building is an Amazon delivery station, no rack to buy	none
Georgie / 7800 N Airport Business Park Way	Unclear	Nothing ties Georgie to the address (but see 7700 row)	none
Xebec Bldg A, 13149 N Telfair Ave	Unclear	Address and size not confirmed	John DeGrinis, Newmark, 818-921-8529
ServiceNow, 4801 Eastgate Mall, San Diego	Not warehouse	Office sublease	none
Haas Automation, Oxnard	Stale	Oxnard stays open; expansion is a 2.4M SF plant in Henderson NV, 2027	Peter Zierhut, VP Outside Operations (no email)

Lead	Verdict	What's actually there	Contact if you revisit
BODi, 400 N Continental Blvd, El Segundo	Not warehouse	Office sublease	none
Castle Park, Riverside	Not warehouse	Amusement park rebuild	none
FanDuel TVG, 6701 Center Dr W	Not warehouse	Office suite	none
Constellis, 26201 Golden Valley Rd	Wrong address	That is the LA County Sheriff's Santa Clarita station	none
3032 N Dolores St, Atwater	Stale	Shelving permit finaled Sep 2025	none
5201 S Vermont Ave	Unclear	$15k rack permit open since Jan 2026; occupant unknown	none
6818 S Avalon Blvd	Stale	1937 multi-tenant building; 12-ft rack permit finaled Aug 2026	Mark Whitman, Dorin Realty, mwhitman@dorinrealty.com
6828 S Avalon Blvd	Stale	Same complex; rack permit finaled Sep 2026	Mark Whitman (same)
UOVO, 130 S Myers St	Stale	All rack permits finaled by Jun 2025	info@uovo.com
1831 S Pontius Ave	Not warehouse	Former weld shop now creative/studio space	Ryan Gurman, CBRE, ryan.gurman@cbre.com

Fixes for Project Scout

The scraper's addresses, square footages and phone numbers are often wrong, which inflates scores. These are worth correcting in the app.

- **Delete 3 junk records:** Jackson Walker (an Austin office lease tagged Phoenix), Prusik Group (a Connecticut shopping center tagged Norwalk, CA), JLL Boca Raton office park (tagged Reno).
- **Wrong addresses:** LAPD Property is at 180 N Los Angeles St, not 100 W 1st St (HQ). 445 N Figueroa is in Wilmington 90744. Constellis's address is the Sheriff's station. The Chino auto parts lease is Building 3. ALPLA is at 4340 N Nellis Blvd.
- **Wrong sizes:** 18455 S Figueroa is 180,705 SF (not 909,090). 950 W 190th St is ~186k SF office (not 4.08M). Stratus at 16161 Raymer is 53,865 SF (not 25,000). 1833 E 50th St is ~21,940 SF. Al Dahra's 472 SF is just a restroom; the building is ~150,000 SF. Many relocation and teardown leads default to a placeholder 25,000 SF.
- **Wrong phone numbers:** Xebec is 562.546.0200 (not 0100). UOVO is 833-344-8686.
- **Stale filings:** about a third of the permit leads were finaled 12 to 24 months ago. A filter on permit status (open vs. finaled) would cut most of them.
- **Unconfirmed names:** "Titanium Plus Auto Parts" (Chino) and "Paul Martins" at Keeco (he is CEO of Ascent Global Logistics) are not supported by any source.

Research ran on Oct 22, 2026. Out-of-state leads (Phoenix, North Las Vegas) assume McMurray Stern will install there.
